DUNELLEN PUBLIC SCHOOLS

High Street and Lehigh Street Dunellen, New Jersey 08812 Telephone: (732) 968-3226 Facsimile: (732) 968-3513

Dr. Patrick Piegari Superintendent of Schools Mr. Brian P. De Lucia School Board Secretary/ Business Administrator

November 21, 2014

Honorable President and Members of the Board of Education Dunellen School District Dunellen, New Jersey 08812

Dear Board Members:

The comprehensive annual financial report of the Dunellen School District (District) for the fiscal year ended June 30, 2014, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2014, and the respective changes in financial positions and cash flows, where applicable, thereof for the year ended in conformity with the accounting principles generally accepted in the United States of America. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the general purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, "Audits of State, Local Governments and Non-Profit Organizations", and the State Treasury Circular Letter 04-04-OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1.) <u>REPORTING ENTITY AND ITS SERVICES:</u> Dunellen School District is an independent reporting entity within the criteria adopted by the GASB as established by GASB Statement No. 14. All funds and account groups of the District are included in this report. The Dunellen Board of Education and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular and special education for handicapped youngsters. The District's enrollment as of October 15, 2013 was 1,168 students. The following details the changes in student enrollment of the District over the last ten years:

Student Enrollment

October 15, 2013	1,168
October 15, 2012	1,179
October 15, 2011	1,176
October 15, 2010	1,134
October 15, 2009	1,152
October 15, 2008	1,101
October 15, 2007	1,114
October 13, 2006	1,104
October 15, 2005	1,150
October 15, 2004	1,135

2. <u>ECONOMIC CONDITION AND OUTLOOK:</u> Although Dunellen was relatively stable for a number of years, the recession of 2008 continues to impact employment as it has the state and country. The Middlesex County unemployment rate for 2012 was 8.1% while Dunellen's unemployment rate was higher at 12%.

The equalized valuation of real property in 2014 has stabilized at the level it was in 2010. The Borough of Dunellen continues to focus on increasing the taxable value of property in the Borough.

3. MAJOR INITIATIVES:

Student achievement on NJASK and HSPA continued to be a district focus for the 2013-2014 school year. The following educational program strategies were implemented:

Language Arts new program of Study:

K-5: New textbooks, consumables, support supplies along with professional
development for staff
o 100% new program which will align instruction to the common core
6-12: New novels, journals, support supplies along with professional development for
staff
 Enhancement to the current program

Increasing levels of communication between the district and parents continued as a major initiative for the 2013-2014 school year with focus on expanding the use current hardware and software. The use of the district new "friendly" website was increase by encouraging staff and school groups to post events, meeting schedules, etc. Also, Administrators were required to use our "Instant Alert" messaging system for general announcements.

Outreach to the community was accomplished through opportunities for senior citizens to read with students, Community Service Projects as part of the high school graduation requirement and two senior luncheons. The district continued to work closely with the borough officials on the joint field house/senior center project and the renovated fields and track at Columbia Park.

4. <u>INTERNAL ACCOUNTING CONTROLS:</u> Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of Federal and State financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal and State financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the General Fund and the Special Revenue Fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2014.

- 6. <u>ACCOUNTING SYSTEM AND REPORTS:</u> The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.
- 7. <u>DEBT ADMINISTRATION:</u> As of June 30, 2014, there was district debt in the amount of \$9,305,000 due to the sale of bonds. The refunding of \$4,650,000 of the 1994 series bonds was executed on December 17, 1998 resulting in an average interest rate for the refunded bonds of 4.35%. Another successful referendum was held on December 9, 2003 that led to the sale of \$10,420,000 in bonds at a rate of 4.1697% on February 15, 2004. There is \$7,980,000 in debt left from this issue.
- 8. <u>CASH MANAGEMENT:</u> The investment policy of the District is guided in large part by State statute as detailed in "Notes to the Financial Statement", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law required governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 9. <u>RISK MANAGEMENT</u>: The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.
- 10. <u>OTHER INFORMATION:</u> Independent Audit State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The firm of VM Associates, Inc. was selected by the Board. In addition to meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the single Audit Act Amendments of 1996 and the related OMB Circular A-133 and State Treasury Circular Letter 04-04-OMB. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11. <u>ACKNOWLEDGMENTS:</u> We would like to express our appreciation to the members of the Dunellen Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Borough of Dunellen School District County of Middlesex, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Dunellen School District as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinions.

111 Howard Boulevard Suite 212 P.O. Box 397 Mt. Arlington, NJ 07856 Phone: 973-770-5491 Fax: 973-770-5494 ym associates@msn.com

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Dunellen School District as of June 30, 2014, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison information on Schedules C-1 and C-2 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United State of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Dunellen School District's basic financial statements. The accompanying supplementary information such as the combining and individual fund financial statements and Schedules of Expenditures of Federal Awards and State Financial Assistance, as required by U.S. Office of Management and Budget Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>; and New Jersey OMB's Circular 04-04, <u>Single Audit Policy for Recipients of Federal Grants</u>, <u>State Grants and State Aid</u>, and other information such as the introductory section and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and Schedules of Expenditures of Federal Awards and State Financial Assistance are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and Schedules of Expenditures of Federal Awards and State Financial Assistance are fairly stated, in all material aspects, in relation to the basic financial statements as a whole. The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by <u>Government Auditing Standards</u> and the Division of Finance, Department of Education, State of New Jersey

In accordance with <u>Government Auditing Standards</u> and the Division of Finance, Department of Education, State of New Jersey, we have also issued our report dated November 21, 2014 on our consideration of the Borough of Dunellen School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and the Division of Finance, Department of Education, State of New Jersey in considering the Borough of Dunellen School District's internal control over financial reporting and analysis.

REQUIRED SUPPLEMENTARY INFORMATION - PART I

DUNELLEN SCHOOL DISTRICT Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2014 (UNAUDITED)

The discussion and analysis of the Dunellen School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2014. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follow this section.

The Management's Discussion and Analysis (MD&A) is an element of Required and Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments."

Financial Highlights

- The assets of the Dunellen School District exceeded its liabilities at the close of the most recent fiscal year by \$8,684,174.76 (net position).
- The District's total net position increased \$693,384.55. Net Assets of our business-type activities decreased \$88,667.12 or 41.68% and net assets of our governmental activities increased \$782,051.67 or 10.05%.
- General revenues accounted for \$14,745,510.39 in revenue or 80 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions and capital grants accounted for \$3,589,858.26 or 20 percent of total revenues of \$18,335,368.65.
- The district had \$17,184,911.66 in expenses related to governmental activities; only \$3,096,452.94 were offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$14,870,510.39 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$15,897,205.44 in revenues and \$15,611,083.31 in expenditures. The General Fund's fund balance increased \$286,122.13 from the June 30, 2013 fund balance.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements and notes to those statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view on the District's finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operation in more detail than the government-wide statements by providing information about the District's most financially significant funds.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities

One of the most important questions asked about the District's finances is "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and changes in them. You can think of the District's net position, the difference between assets and liabilities, as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the District's property tax base, and the condition of the District's capital assets to assess the overall health of the District.

In the Statement of Net Position and the Statement of Activities, we divide the District into two kinds of activities:

- Governmental Activities: Most of the district's basic programs and services are reported here, including
 general administration. Local taxes, tuition and state and federal aid finance most of these activities.
- Business-Type Activities: These services are provided on a charge for goods or services basis to recover
 the cost of the goods and services provided. The District's food service program is reported as a businesstype activity.

Reporting the District's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds-not the District as a whole. Some funds are required to be established by State law. The District's two kinds of funds, governmental and proprietary, use different accounting approaches.

Governmental funds: most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps one determine whether there are more or fewer financial resources than can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary funds: when the District charges customers for the full cost of the services it provides, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the District's enterprise funds (a component of business type funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

The District as Trustee

Reporting the District's Fiduciary Responsibilities

The district is the trustee, or *fiduciary*, for the Unemployment Compensation Trust, Scholarship Funds and Agency Funds. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Notes to the Basic Financial Statements: The notes provided additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information: The combining statements referred to earlier in connection with governmental funds and enterprise funds are presented immediately following the notes to the basic financial statements.

Figure A-1 summarizes the major features of the District's financial statements, including the portion of the District's government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Financial Analysis of the District as a Whole

The District's *combined* net position changed from a year ago, *increasing* from \$7.99 million to \$8.68 million. Our analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the District's governmental and business-type activities as of June 30.

Table 1

Net Position

	Governmental <u>Activities</u>		Business-Type <u>Activities</u>		Total Primary Government	
	<u>2014</u>	2013	<u>2014</u>	<u>2013</u>	<u>2014</u>	<u>2013</u>
Current and Other Assets	\$1,558,747.36	\$1,230,527.65	\$ 93,057.40	\$206,947.96	\$ 1,651,804.76	\$ 1,437,475.61
Capital Assets	16,874,796.56	17,213,871.15	31,007.72	6,850.00	16,905,804.28	17,220,721.15

Defered Charge on Refunding of Debt and						
Issuance Costs	796,365.89	853,249.17	-		796,365.89	853,249.17
Total Deferred Outflows of Resources	796,365.89	853,249.17			796,365.89	853,249.17
Long-term Debt Outstanding	10,367,421.12	11,202,897.81			10,367,421.12	11,202,897.81
Other Liabilities	302,379.05	316,692.19		1,065.72	302,379.05	317,757.91
Total Liabilities	10,669,800.17	11,519,590.00		1,065.72	10,669,800.17	11,520,655.72
Net Position:						
Net Investment in Capital Assets	7,596,046.56	7,046,996.15	31,007.72	6,850.00	7,627,054.28	7,053,846.15
Restricted	1,586,519.87	1,256,964.88			1,586,519.87	1,256,964.88
Unrestricted (deficit)	(622,456.79)	(525,903.06)	93,057.40	205,882.24	(529,399.39)	(320,020.82)
Total Net Position	\$ 8,560,109.64	\$7,778,057.97	\$124,065.12	\$212,732.24	\$ 8,684,174.76	\$ 7,990,790.21

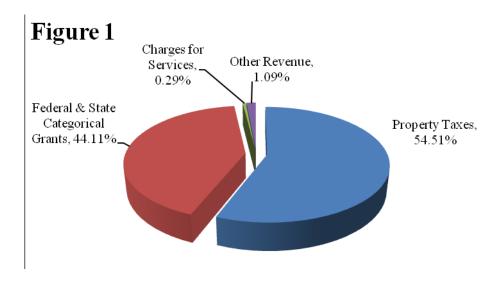

- Net position of the District's governmental activities increased by 10.05 percent.
- Unrestricted net position, the part of net position that can be used to finance day-to-day operation without constraints established by debt covenants, enabling legislation, or other legal requirements decreased \$96,553.73.
- Restricted net position, those restricted mainly for capital projects increased by \$329,554.99.
- The restricted net position category benefitted from increased economic activity, which resulted in actual revenues exceeding budgeted revenues.
- The investment in capital assets, net of debt category increased by \$549,050.41.

Governmental Activities

Revenue Sources. The District's total revenue for the 2013/2014 school year was \$17,966,963.33 (See Table 2). Property taxes accounted for most of the District's revenue, with local taxes accounting for \$9,793,052.63 of the total, or 54.51 percent (See Figure 1). State formula aid and categorical grants accounted for 44.11 percent and the remainder was from other miscellaneous sources. The Dunellen School District primarily conducts its operations from the revenue it receives from its local taxpayers.

The total cost of all programs and services was \$17,184,911.66. The District's expenses are predominantly related to instructing, caring for (pupil and instruction services) and transporting students (78.39 percent) (See Figure 2). The District's administrative and maintenance activities accounted for 19.24 percent of total costs. It is important to note that depreciation of \$456,697.84 is included in expenses for the year.

Governmental Activities (Continued)

The practice of funding public schools primarily through property taxes in New Jersey creates the legal requirement to annually seek voter approval for the District operations. In NJ State Aid has remained relatively flat over the past few years; the burden of funding education in the District has fallen on property taxes. Therefore it is crucial that the District examine its expenditures carefully, since any proposed increase to the school district budget will be funded entirely through property taxes.

Table 3 presents the cost of the District's major activities. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the District's taxpayers by each of these functions:

Table 3
Net Cost of Governmental Activities

	Total Cost of Services			Net Cost of Services				
	2013/2014		2012/2013		2013/2014		2012/2013

Transportation		410,691.07		491,204.88		391,028.90		474,614.84
Other		424,686.39		425,159.27		81,727.02		171,826.00
•								
	\$	17,184,911.66	\$	17,068,333.99		14,088,458.72	\$	14,001,385.33

- The cost of all governmental activities this year was \$17.18 million.
- The federal and state governments subsidized certain programs with grants and contributions.
- Most of the District's costs, however, were financed by District taxpayers (\$9.79 million).
- A portion of governmental activities was financed with state aid based on the CEIFA formula.
- The remainder of governmental activities funding came from charges for services, local grants, investment earnings and miscellaneous revenue.

THE DISTRICT'S FUNDS

The District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds: The District's governmental fund is comprised of the general fund, special revenue fund, and capital projects fund and is accounted for using the modified accrual basis of accounting.

The focus of the District's governmental funds is to provide information on short-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. The unrestricted fund balance is divided between assigned to and unassigned balances. The District has assigned portions of the unrestricted fund balance to earmark resources for the payment of certain government-wide liabilities that are not recognized in the governmental funds.

General Fund: The general fund is the main operating fund of the District. At the end of the current fiscal year, unassigned fund balance was -\$175,195.31, while total fund balance was \$1,342,514.62.

As demonstrated by the various statements, the District maintains a sound financial position. The information below compares revenues for 2013-2014 and 2012-2013.

Table 4

Revenues by Source:	2013-2014	<u>2012-2013</u>	% Change
Local Tax Levy	\$ 10,136,012.00	\$ 9,981,719.00	1.55%
Tuition Charges	52,744.92	18,975.00	177.97%
Preschool Fees	-	34,694.13	-100.00%
Interest Earned to Investments	-	3,294.11	-100.00%
Miscellaneous	 30,362.19	43,580.63	-30.33%
Total - Local Sources	10,219,119.11	10,082,262.87	1.36%
State Sources	6,890,539.75	6,905,989.53	-0.22%
Federal Sources	 692,353.47	587,064.81	17.93%
Total Revenues	 17,802,012.33	17,575,317.21	1.29%

The increase in local sources is mainly attributable to the overall tax levy increasing. The decrease of \$15,449.78 of State Sources is a result of a minor reduction in Debt Service state aid over the prior year. The increase of \$105,288.66 of Federal sources in 2013-2014 is primarily due to the District aggressively pursuing Medicare reimbursements.

THE DISTRICT'S FUNDS (Continued)

Governmental Activities (Continued)

The information below compares expenditures for 2013-2014 and 2012-2013:

Table 5

Expenditures by Function:	<u>2013-2014</u>	<u>2012-2013</u>	% Change
Current:			
Regular Instruction	4,944,335.30	4,935,460.31	0.18%
Special Education	1,307,406.82	1,248,223.94	4.74%
Other Instruction	558,028.29	505,186.04	10.46%
Support Services and Undistributed Costs:			
Tuition	941,609.14	1,261,365.75	-25.35%
Student and Instruction Related Services	1,721,585.88	1,488,089.59	15.69%
School Administrative Services	640,800.71	652,090.25	-1.73%
General and Business Administrative Services	764,277.03	670,763.97	13.94%
Plant Operations and Maintenance	1,195,269.16	1,263,242.63	-5.38%
Pupil Transportation	408,196.03	486,423.17	-16.08%
Employee Benefits	3,712,487.48	3,617,745.68	2.62%
Capital Outlay	77,672.25	2,795.00	2678.97%
Capital Outlay-Debt Service Assessment	61,602.00	39,951.00	54.19%
Charter Schools	18,250.00	25,333.15	-27.96%
Debt Service:			
Principal	890,000.00	810,000.00	9.88%
Interest on Long-Term Debt	359,043.75	289,231.88	24.14%
Bond Issuance Costs	-	100,840.80	-100.00%
Advance to Refunding Escrow	-	809,291.65	-100.00%
Escrow Interest-2012 Refunding		130,000.00	-100.00%
Total Expenditures	\$ 17,600,563.84	\$ 18,336,034.81	-4.01%

Other instruction expenditures increased \$52,842.25 because of an increase in bilingual services funded through the general fund.

Tuition expenditures decreased \$319,756.61 as a result of the District bringing students back in-district coupled with enrollment changes.

The Student and Instruction Related Services expenditures increased \$233,496.29 due to an increase in student services necessary for classified students

General and Business Administrative Services increased \$93,513.06 due to the implementation of a new automated accounting, personal and payroll system.

Pupil Transportation decreased \$78,227.14 as a result of the District utilizing jointures to reduce costs along with the District bringing students back in-district

Charter School expenditures decreased \$7,083.15 as a result of reduced charter school enrollment.

THE DISTRICT'S FUNDS (Continued)

Governmental Activities (Continued)

The Capital Outlay Category increased \$74,877.25 due to an increase in equipment purchases. Capital Outlay-Debt Service Assessment is the District's debt assessment amount for grants received from the Department of Education for eligible capital projects and is set forth by the state.

Interest on long-term debt increased \$69,811.87 due to the annual requirements of the debt maturity schedule.

All other fluctuations are within the normal range of plus or minus 10% and therefore further explanation is not provided.

Business-type Activities

The District's major Enterprise Fund consists of the Food Service Fund. Revenues for the Food Service Program were comprised of charges for services and federal and state reimbursements. Food Service expenses exceeded revenues by \$88,667.12. Charges for food service represent \$214,857.79 of revenue, this is the amount paid by patrons for daily food service and special functions. Federal and State reimbursements for meals, including payments for free and reduced lunches, and donated commodities was \$278,547.53.

The basic financial statements for the major funds are included in this report. Because the focus on business-type funds is a cost of service measurement or capital maintenance, we have included these funds in Table 6, which demonstrates return on ending assets and return on ending net position.

Table 6

Totals	\$ 16,874,796.56	5 \$ 17,213,871.15	\$31,007.72 \$ 6,850.00	\$16,905,804.28	\$ 17,220,721.15	

This year's major additions in the Governmental Activities included the acquisition of instructional equipment and construction in progress for professional services for the below named projects.

While the original 2014-2015 budget does not call for any capital outlay expenditures, the District has applied for numerous State of New Jersey Regular Operating District (ROD) grants to supplement capital projects which will improve the learning environment for its students while reducing annual energy consumption. More detailed information about the District capital assets is presented in the notes to the basic financial statements.

DEBT

At year-end the District had total debt of \$10.3 million outstanding versus \$11.2 last year – a decrease of 7.5 percent – as shown in Table 8.

Outstanding Debt, at Year-End

Table 8

	Governmental			
	<u>Activities</u>			
	<u>2014</u> <u>2013</u>			
Serial Bonds	\$ 9,305,000.00	\$	10,195,000.00	
Unamortized Premium	770,115.89		825,124.17	
Compensated Absences	 292,305.23		182,773.64	
	\$ 10,367,421.12	\$	11,202,897.81	

The District continued to pay down its debt as scheduled, retiring \$890,000 of its outstanding serial bonds. The District's accrued Compensated Absences increased by \$109,531.59 from 2013 primarily due to more employees being eligible to accrue sick and vacation time along with an increase in the daily rate of payment for accumulated days.

DEBT (Continued)

An analysis of District Debt is presented in the notes to the basic financial statements.

BUDGETS

The District's budget is prepared according to New Jersey Department of Education guidelines. The most significant budgetary fund is the General Fund. Revisions in the general fund budget were made through budget transfers to prevent over commitments in specific line item accounts. These transfers were made by a resolution of the Board of Education pursuant to N.J.S.A. 18A:22-8.1.

Described below are explanations for variations in expenditures for certain lines where the modified budgeted amounts differ from the original budget by significant amounts. All other fluctuations were considered immaterial and no explanations were deemed necessary.

Revenues

There were no revenue fluctuations between the original and modified budgets.

Expenditures

The modified budget for Resource Room/Resource Center: Salaries of Other Professional Staff increased by \$132,956.47 due to 6he district hiring additional personal to meet the needs of special needs students.

The modified budget for Basic Skills/Remedial - Instruction: Salaries of Teachers increased by \$141,251.71 due to the District charging program expenditures to the general fund in 2014.

The modified budget for Other Support Services - Special: Salaries of Other Professional Staff increased by \$109,383.92 due to reallocating educational administrative staff (Director of Special Education) which resulted in a corresponding decrease in Support Services - School Administration: Salaries of Principals/Assistant Principals amounting to \$117,402.36.

The modified budget for Transportation: Contracted Services (Special Education Students) – Joint Agreements decreased by \$199,030.07 due to the District utilizing educational service commissions for transporting special needs students (corresponding increase of \$227,300)

The modified budget for Health Benefits decreased by \$180,614.88 due to the District realizing a lower than anticipated renewal rate for its medical and prescription program.

The modified budget for Other Employee Benefits increased \$117,280.29 due to the District paying out and accruing for contractual obligations for its employees.

Described below are explanations for variations in expenditures for certain lines where the modified budget amounts differ from the actual budget by significant amounts. All other fluctuations were considered immaterial and no explanations were deemed necessary.

BUDGETS (Continued)

Revenues

Miscellaneous Income was greater than the modified budget by \$16,890.89 as a result of increased e-rate reimbursements.

Extraordinary Aid was greater than the modified budget by \$62,099.00 as a result of the State funding additional reimbursement for special education costs.

Expenditures

The actual amounts expended for Tuition to CSSD & Regional Day Schools was less than the final budget by approximately \$44,088.96 as a result of actual program enrollment differing from anticipated enrollment.

The actual amounts expended for Tuition to Private Schools for the Disabled – Within State was less than the final budget by approximately \$147,984.21 as a result of projected enrollment changes.

The actual amounts expended for Support Services – General Administration: Other Purchased Services was less than the final budget by approximately \$38,375.59 as a result of projected enrollment changes.

FACTORS BEARING ON THE DISTRICT'S FUTURE

In preparing the 2014-2015 budget, the primary goal of the Board was to develop a budget that would meet the District's educational priorities, provide accountability to the taxpaying community, and comply with the stringent restrictions placed on school district budgets by the new legislation. This legislation put a "2% cap" on the local tax levy; therefore, limiting the amount of funds a district can raise to support its budget. During the preparation of the 2014-2015 budget, the District has not utilized any of its banked cap, and plans to utilize it in the future. The District generated banked cap from enrollment adjustments and health benefits adjustments.

The Board has opted to prepare its 2014-2015 budget with a 2% tax increase. The 2014-2015 unrestricted fund balance will be limited to 2% of our expenditures as per the New Jersey Department of Education regulations. Thus, it will be important to prepare a budget that will closely reflect actual expenditures since the unrestricted fund balance will not permit much flexibility. Looking ahead to the development of the 2015-2016 budget, the new budget law put into effect by the State of New Jersey Department of Education will have a significant impact. The law goes beyond the capping of revenues for the budget but it also authorizes the Executive County Superintendent to look into the budget and challenge the District in their expenditure decisions. The State of New Jersey has also made it clear that they are moving to reduce the number of school districts in the State by consolidating neighboring districts and by encouraging shared services.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the School Business Administrator, Brian P. De Lucia, Dunellen School District, Dunellen, New Jersey 08812.

BASIC FINANCIAL STATEMENTS

The basic financial statements provide a financial overview of the district's operation. These financial statements present the financial position and operating results of all funds as of June 30, 2014.

SECTION A

GOVERNMENT – WIDE FINANCIAL STATEMENTS

The Government-Wide financial statements provide a financial overview of the district's operation. These financial statements present the financial position and operating results of the governmental and business-like activities as of June 30, 2014.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014

Note I: Summary of Significant Accounting Policies

A. Basis of Presentation

The financial statements of the Board of Education (Board) of the Borough of Dunellen School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB. The more significant accounting policies established in GAAP and used by the District are discussed below.

B. Reporting Entity

The Borough of Dunellen School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

Governmental Accounting Standards Board publication, Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. In addition, certain legally separate; tax exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources, and significance) should be included in the financial reporting entity. The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include an elementary, junior and senior high schools located in Dunellen, New Jersey. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

C. Basic Financial Statements- Government-Wide Statements

The statement of net assets and the statement of activities display information about the District. These statements include the financial activities of the District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses are allocated to the functions using an appropriate allocation method or association with the specific function. Indirect expenses include health benefits, employer's share of payroll taxes, compensated absences and tuition reimbursements.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

C. Basic Financial Statements-Government-Wide Statements (Continued)

Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each government function or business segment is self-financing or draws from the general revenues of the District.

D. Basic Financial Statements-Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the District:

Governmental Fund Types

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

<u>General Fund</u> – The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution and, excluding equipment, with County Superintendent approval.

<u>Special Revenue Fund</u> – The Special Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

D. Basic Financial Statements-Fund Financial Statements (Continued)

Governmental Fund Types (Continued)

<u>Capital Projects Fund</u> – The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from temporary notes or serial bonds that are specially authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

<u>Debt Service Fund</u> – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Proprietary Fund Type

The focus of Proprietary Fund measurement is upon determination of net income, changes in net assets, financial position and cash flows. The generally accepted accounted principles applicable are those similar to businesses in the private sector. The following is a description of the Proprietary Funds of the District:

<u>Enterprise Funds</u> — The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises — where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that the periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Governments should establish a policy that defines operating revenues and expenses that is appropriate to the nature of the activity being reported, and use it consistently from period to period. Transactions for which cash flows are reported as capital and related financing activities, non capital financing activities, or investing activities normally would not be reported as components of operating income.

The District's Enterprise Fund are comprised of the Food Service Fund operations.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Food Service Fund:

Equipment	12 Years
Light Trucks and Vehicle	4 Years
Heavy Trucks and Vehicle	6 Years

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

D. Basic Financial Statements-Fund Financial Statements (Continued)

In its accounting and financial reporting, the District follows the pronouncements of the GASB and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The District's business-type activities and enterprise funds have elected not to apply the standards issued by the FASB after November 30, 1989.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements, however, interfund services provided and used are not eliminated in the process of consolidation.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenue and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District enterprise funds are charges for daily sales of food, special functions and miscellaneous receipts. Operating expenses for proprietary funds include the cost of sales, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary Fund Types

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASBS No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expense of either fund category or the governmental and enterprise combined) for the determination of major funds.. The nonmajor funds are combined in a column in the fund financial statements.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (Unemployment Compensation, Private Purpose and Agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

D. Basic Financial Statements-Fund Financial Statements (Continued)

Fiduciary Fund Types (Continued)

<u>Trust Funds</u>: The unemployment compensation fund is used to account for contributions from the District and employees and interest earned on the balance as well as payments to the State for reimbursement of unemployment claims. Although there is no formal trust agreement, The State of New Jersey requires school districts to include the unemployment compensation trust as a private-purpose trust fund in the fiduciary fund. The principal and income deposited into this fund are for the sole benefit of specific individuals or former employees. The management of the District is not involved in determining the amounts current employees contribute to the fund or amounts paid out by the fund. That determination is made by the State of New Jersey. The Unemployment Compensation Fund is recorded as a trust fund because there is no debt issued related to unemployment compensation claims.

The private purpose scholarship fund is utilized to provide scholarships to students and to account for the related transactions.

Agency Funds (Payroll, Payroll Agency, Student Activity, and Athletic Funds): The agency funds are used to account for the assets that the District holds on behalf of others as their agent. These are custodial in nature and do not involve measurement of results of operations.

In accordance with GASB Statement 34, fiduciary funds are not included in the government-wide financial statements.

E. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include state and federal aid, property taxes, grants entitlements and donations.

Government funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

E. Measurement Focus and Basis of Accounting (Continued)

Upon the filing of certified adopted budgets by the School District and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June. The taxes are due August 1 and November 1 respectively, and are adjusted to reflect the current calendar year's total tax liability. The preliminary taxes due February 1 and May 1 of the succeeding year, are based upon one-half of the current year's total tax.

F. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1.

All budget amendments must be approved by School Board resolution. Appropriation of additional Maintenance Reserve Fund Balance in the amount of \$34,999.50 was made during the year ended June 30, 2014. Appropriation of prior year encumbrances in the amount of \$108,142.80 were made during the year ended June 30, 2014. The significant budget transfers and amendments approved in the school year are presented on Exhibit C-1. For the year ended June 30, 2014, there were no expenditures that exceeded appropriations in the General Fund.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

F. Budgets/Budgetary Control (Continued)

The General Fund budgetary revenue differs from GAAP revenue due to a difference in recognition of the June state aid payments for the current year. Since the State is recording the June state aid payments in the subsequent fiscal year, the District cannot recognize these payments on the GAAP financial statements.

The special revenue fund had no encumbrances at June 30, 2014. Open encumbrances in the special revenue fund are reflected in the balance sheet as deferred revenues at fiscal year end.

The reconciliation of the general and special revenue funds from the budgetary basis of accounting to the GAAP basis of accounting is presented on Note A in the Required Supplementary Information Section.

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position and Fund Equity

Deposits and Investments

Deposits are cash and cash equivalents including petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Other than Certificates of Deposit, deposits with maturities of greater than three months are considered to be Investments. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

1. Short – term Interfund Receivables/Payables

Short – term interfund receivables/payables represents amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

3. Receivables from other Governments

The following is an analysis of receivables from Federal and State Governments (See Schedule of Expenditures of Federal and State Financial Assistance, Schedule A & B for Analysis):

- A. Fund 10- State Aid-\$586,791.00
- B. Fund 20- Local Grants-\$5,219.13
- C. Fund 60- State Aid-Child Nutrition-\$351.90

Federal Aid- U.S. Dept. of Agriculture \$15,580.61

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position and Fund Equity (Continued)

4. Inventories

Inventories, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditure during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method.

5. Capital Assets

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on the following assets is provided on the straight – line basis over the following estimated useful lives:

Buildings	20-50 years
Machinery and Equipment	5-10 years
Land Improvements	10-20 years
Other Infrastructure	10-50 years

Land and Construction in Progress are not depreciated.

GASB No. 34 requires the District to report and depreciate new infrastructure assets effective with the beginning of the current year. Infrastructure assets include roads, parking lots, underground pipe, etc.. Neither their historical cost nor related depreciation has historically been reported in the financial statements. The District has included all infrastructure assets in the current fiscal year

6. Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then. The government only has two items that qualifies for reporting in this category. It is deferred charge on refunding of debt and bond issuance costs which results from the loss of debt refunding reported in the government-wide statement of net position. A deferred charge on debt refunding results from the loss on the transaction when the debt's reacquisition price is greater than the carrying value of the refunded debt. This amount is amortized over the shorter of the life of the refunded or refunding debt.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position and Fund Equity (Continued)

7. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The noncurrent portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government – wide presentations. (See Note VIII)

8. Deferred Revenue

Deferred revenue in the special revenue fund represents cash which has been received but not yet earned. See Note I(F) regarding the special revenue fund.

9. Long – term Obligations

Long – term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long – term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The noncurrent portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government – wide presentations.

10. Fund Equity

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

11. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reports, amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position and Fund Equity (Continued)

12.Net Position/Fund Balance

The District implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, during the current fiscal year. This statement defines net position as the residual of all other elements presented in statement of financial position. It is the difference between (1) assets and deferred outflows of resources and (2) liabilities and deferred inflows of resources. This Statement provides guidance for reporting net position within a framework that includes deferred outflows of resources and deferred inflows of resources, in addition to assets and liabilities.

In the Government-Wide Statements, there are three classes of net position:

Net Investment in Capital Assets-Consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets or related debt also should be included.

<u>Restricted Net Position</u>- reports net position when constraints placed on the residual amount of noncapital assets are either imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted Net Position</u>- any portion of net position not already classified as either net investment in capital assets or net position-restricted.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

H. Fund Balance Reserves

In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable-includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

<u>Restricted</u>- includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

- Reserved Excess Surplus-Designated for Subsequent Year's Expenditures- this restriction was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2013 audited excess surplus that was appropriated in the 2014/2015 original budget certified for taxes. The District has \$200,000.00 restricted for this purpose at June 30, 2014.
- Reserved Excess Surplus- this restriction was created in accordance with NJSA 18A:7F-7 to represent the June 30, 2014 audited excess surplus that is required to be appropriated in the 2015/2016 original budget certified tor taxes. The District has \$214,076.41 restricted for current year excess surplus at June 30, 2014.
- <u>Capital Reserve</u>- This restriction was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures. The District has \$566,347.00 restricted in the Capital Reserve Account at June 30, 2014.
- <u>Maintenance Reserve-</u> The maintenance reserve account is used to accumulate funds for the required maintenance of a facility in accordance with the EFCFA (*N.J.S.A.*18A:7G-9) as amended by P.L. 2004, c. 73 (S1701). The District has \$251,334.00 restricted in the Maintenance Reserve Account at June 30, 2014.
- <u>Debt Service</u>- Represents fund balance restricted specifically for the repayment of longterm debt principal and interest in the Debt Service Fund. The Debt Service Fund has \$0.83 restricted at June 30, 2014.

<u>Committed</u>- includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

H. Fund Balance Reserves (Continued)

<u>Assigned</u>- includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Intent is expressed by either the Board of Business Administrator, to whom the Board has delegated the authority to assign amounts to be used for specific purposes.

- <u>Year-End Encumbrances</u>- Represents outstanding purchase orders for goods or service approved by management for specific purposes from available resources of the current year for which the goods and services have not yet been received or rendered at June 30.
- <u>Designated for Subsequent Year's Expenditures</u>- This designation was created to dedicate the portion of fund balance appropriated in the adopted 2014/2015 District Budget certified for taxes.

<u>Unassigned</u>- includes amounts that have not been assigned to other funds or restricted, committed, or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

I. Recent Accounting Pronouncements (Continued)

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 67, "Financial Reporting for Pension Plans, an Amendment of GASB 25." This statement will be effective for periods beginning with the year ending June 15, 2013. The objective of this Statement is to improve financial reporting by state and local governmental pension plans. This Statement replaces the requirements of Statements No. 25, "Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and No. 50, "Pension Disclosures." The District is in the process of reviewing its obligations under GASB 67, and its potential impact on the financial statements.

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 68, "Accounting and Financial Reporting for Pensions." This statement will be effective for periods beginning with the year ending June 15, 2014. This Statement replaces the requirements of Statement No. 27, "Accounting for Pensions by State and Local Governmental Employers", as well as the requirements of Statement No. 50, "Pension Disclosures." This Statement and Statement No. 67 establish a definition of a pension plan that reflects the primary activities associated with the pension arrangement-determining pensions, accumulating and managing assets dedicated for pensions, and paying benefits to plan members as they come due. The District is in the process of reviewing its obligations under GASB 67, and its potential impact on the financial statements.

In January 2013, the Governmental Accounting Standards Board (GASB) issued Statement No. 69, "Government Combinations and Disposals of Government Operations." This statement will be effective beginning with the fiscal year ending June 30, 2015. The objective of this Statement is to establish accounting and financial reporting standards for mergers, acquisitions, and transfers of operations. This Statement applies to all state and local governmental entities. The District does not expect this statement to impact its financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note II: Detailed Disclosure Regarding Assets and Revenues

A. Deposits and Investments

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

N.J.S.A. 17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

At June 30, 2014 the Borough of Dunellen School District's cash and cash equivalents amounted to \$1,965,850.82. Of this amount, \$250,000.00 was covered by federal depository insurance (F.D.I.C.) and \$1,715,850.82 was covered by a collateral pool maintained by the banks as required by GUDPA.

At June 30, 2014 the Borough of Dunellen School District had no participation in the State of New Jersey Cash Management Fund..

Pursuant to GASB Statement No. 40, Deposit and Investment Risk Disclosures ("GASB 40"), the District's operating cash accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the District would not be able to recover the value of its deposits and investments). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by a pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name.

As of June 30, 2014, none of the Borough of Dunellen School District's cash and cash equivalents of was exposed to custodial credit risk.

The District does not have a policy for the management of custodial credit risk, except as noted above, other than depositing all of its funds in banks covered by GUDPA. At least five percent of the District's deposits were fully collateralized by funds held by the financial institution, but not in the name of the District. Due to the nature of GUDPA, further information is not available regarding the full amount that is collateralized.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note II: Detailed Disclosure Regarding Assets and Revenues (Continued)

A. Deposits and Investments (Continued)

Investments

New Jersey statutes (N.J.S.A. 18A:20-37) permit the Borough of Dunellen School District to purchase the following types of securities:

- a. When authorized by resolution adopted by a majority vote of all its members the board of education of any school district may use moneys which may be in hand for the purchase of the following types of securities which, if suitable for registry, may be registered in the name of the school district;
- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
 - (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the school district or bonds or other obligations of local unit or units within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by school district;
 - (6) Local government investment pools:
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4) or
 - (8) Agreements for the repurchase of fully collateralized securities, if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection a;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.17:9-41) and for which a master repurchase agreement providing for the custody and security of collateral is executed.

<u>Credit Risk</u>: The District does not have an investment policy regarding the management of credit risk. GASB 40 requires that disclosures be made as to the credit rating of all debt security investments except for obligations of the U.S. government or investments guaranteed by the U.S. government. The District did not have any investments at June 30, 2014.

<u>Interest Rate Risk</u>: The District does not have a formal policy that limits investments maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District did not have any investments at June 30, 2014.

<u>Concentration of Credit Risk</u>: The District places no limit on the amount the District may invest in any one issuer. The District did not have any investments at June 30, 2014.

Note III: Detailed Disclosure Regarding Liabilities and Expenses/Expenditures (Continued)

B. Long - Term Liabilities (Continued)

2. Bonds Authorized But Not Issued

As of June 30, 2014 the Board had no authorized but not issued bonds.

3. Refunding Bonds Payable

Refunding bonds in the amount of \$8,005,000.00 were issued on December 12, 2012. The purpose of the Bonds were to (i) advance refund all of the \$7,975,000.00 aggregate principal amount of School Bonds of the Board dated February 15, 2004 originally issued in the principal amount of \$10,420,000.00 maturing on July 15 in the years 2016 through 2029 (inclusive) (the "Refunded Bonds") at a redemption price of 100% of the principal amount thereof (the "Redemption Price"). Specifically, the Bonds will be used to pay: (1) interest, when due, on the Refunded Bonds to July 15, 2015 (the "Call Date"); (2) the Redemption Price of the Refunded Bonds on the Call Date; and (3) the costs associated with the issuance of the Bonds. The outstanding principal of the defeased debt is \$7,975,000.00 at June 30, 2014.

Note IV: Detailed Disclosure Regarding Fund Equity

A. Calculation of Excess Surplus

In accordance with N.J.S.A. 18A:7F-7, as amended by P.L.2004, C.73 (S1701), the designation for Reserved Fund Balance—Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2014 is \$414,076.41. The reserved fund balance of \$200,000.00 has been appropriated in the fiscal year 2014-2015 and \$214,076.41 will be appropriated in the fiscal year 2015-2016.

B. Capital Reserve Account

A capital reserve account was established by the Borough of Dunellen Board of Education by inclusion of \$1.00 on October 17, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23-2.13 (g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The LRFP balance of local support costs of uncompleted capital projects at June 30, 2014 is \$1,064,435.00

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note IV: Detailed Disclosure Regarding Fund Equity (Continued)

B. Capital Reserve Account (Continued)

The activity of the capital reserve for the July 1, 2012 to June 30, 2014 fiscal year is as follows:

Beginning Balance, July 1, 2012	\$ 1.00
Transfer from Unassigned Fund Balance 2012-2013	316,346.00
Transfer from Unassigned Fund Balance 2013-2014	 250,000.00
Ending Balance June 30, 2014	\$ 566.347.00

C. Maintenance Reserve Account

New Jersey Statute 18A:7G-9 permits districts to accumulate funds for the required maintenance of a facility in accordance with the Educational Facilities Construction and Financing Act (EFCFA). The balance may only be increased through an appropriation in the annual general fund budget certified for taxes. Upon completion of a school facilities project, districts are required to submit a plan for the maintenance of that facility. During the 2013-2014 school year the District withdrew \$34,999.50 for maintenance projects . As of June 30, 2014, the District has restricted \$251,334.00 for maintenance reserve.

Note V: Pension Plans

Description of Systems

Substantially all of the Board's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Teachers' Pension and Annuity Fund retirement system is considered a cost sharing plan with special funding situations as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other related non-contributing employers. The PERS is considered a cost sharing multiple-employer defined benefit plan.

The Public Employees' Retirement System (PERS) was established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits and 25 years for post — retirement health care coverage.

The Teachers' Pension and Annuity Fund (TPAF) was established in January 1955, under the provisions of N.J.S.A. 18:66 to provide coverage including post-retirement health care to substantially all full time public school employees in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post – retirement health care coverage.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note V: Pension Plans (Continued)

Description of Systems (Continued)

The Defined Contribution Retirement Program (DCRP) was established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership.

According to the state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement systems terminate. The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information of each of the above systems. These reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-0295 or the reports can be accessed on the internet http://www.state.nj.us/treasury/pensions/annrpts archive.htm.

Other Pension Funds

The Supplemental Annuity Collective Trust Fund (SACT), was established by the State and is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

Retirement Benefits

For PERS and TPAF employees, who retire at a specified age or after 55 according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of credible service. Vesting occurs after 8 to 10 years of service.

Significant Legislation

PERS and TPAF employee contribution rates will increase from 5.5% to 6.5% of salary effective October 2011. The second phase of the contribution rate increase from 6.5% to 7.5% is to be phased in equally over a 7 year period beginning July 2012. The contribution rate will increase by 0.14% each year with the first payroll of July until the 7.5% contribution rate is reached in July 2018.

Under a provision of Chapter 78, P.L. 2011, Cost of Living Adjustments (COLA) are suspended for all current and future retirees of all retirement systems. There is no reduction to any COLA increases that were already added to retiree benefits prior to the effective date of the law.

Contribution Requirements

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contribution employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 6.60 percent for TPAF and PERS and 5.5% for DCRP of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of living adjustments and noncontributory death benefits in the TPAF and PERS. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premiums.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note V: Pension Plans (Continued)

Per the requirements of GASB Statement No. 27 for the year ended June 30, 2014, for TPAF, annual pension cost differs from the annual required contribution. For PERS, the annual pension cost equals the annual required contribution made. For TPAF employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, member contributions are matched by a 3% employer contribution.

Contributions - Actual

The District's total payroll for the year ended June 30, 2014 was \$8,840,784.46 and covered payroll was \$6,977,427.00 for TPAF and \$1,090,080.00 for PERS. Contributions to the TPAF and the PERS for the last three years ended June 30 made by the employees, the Board, and the State of New Jersey on behalf of the Board were as follows:

			Percent of Covered		Percent of Covered
		<u>TPAF</u>	<u>Payroll</u>	<u>PERS</u>	Payroll
Employees	6/30/12	414,683.97	5.53%	63,794.52	6.36%
• •	6/30/13	452,003.09	6.79%	73,638.12	6.69%
	6/30/14	481,382.11	6.90%	74,502.29	6.83%
Board of Education	6/30/12	N/A	N/A	116,153.00	11.58%
	6/30/13	N/A	N/A	113,429.00	10.30%
	6/30/14	N/A	N/A	112,446.00	10.32%
State of New Jersey	6/30/12	660,092.00	10.21%	N/A	N/A
•	6/30/13	924,104.00	13.88%	N/A	N/A
	6/30/14	730,811.00	10.47%	N/A	N/A

In accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$510,387.75 during the year ended June 30, 2014 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount and the State of New Jersey's Contribution to the TPAF have been included in the basic financial statements and the budgetary comparison schedule — General Fund as a revenue and expenditure in accordance with GASB 24.

Note VI: Post-Retirement Medical Benefits

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2013 there were 100,134 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c.126 which provides free health benefits to members of PERS who retired from a board of education or county college with 25 years of service. The State paid \$173.8 million toward Chapter 126 benefits for 17,356 eligible retired members in Fiscal Year 2013.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note VI: Post-Retirement Medical Benefits (Continued)

The Reporting and Disclosure Requirements Promulgated by GASB Statement No. 45, Accounting and Financial Reporting by Employers for Post-employment Benefit Plans Other Than Pension Plans are not applicable for the District.

The District contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb43-sept2008.pdf.

Note VII: Risk Management

The District is a member of the New Jersey School Board Association Insurance Group (the "Group").

The Group is both an insured and self-administered group of school districts established for the purpose of providing certain low-cost workers' compensation coverage for member school districts in order to keep local property taxes at a minimum. The District pays an annual assessment to the Group and should it be determined that payments received by the Group are deficient, additional assessments may be levied. Additionally, the Group maintains a contract of excess insurance with a commercial reinsuror to secure the payment of benefits.

The Borough of Dunellen School District continues to carry commercial insurance coverage for all other risks of loss, including employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State.

NOTES TO BASIC FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014 (CONTINUED)

Note VIII: Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted vacation and sick leave in varying amounts under the District's personnel policies. In the event of termination, an employee is reimbursed for accumulated vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with the employee after fifteen years of service.

In the government-wide *Statement of Net Position*, the liabilities whose average maturities are greater than one year are reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2014, no liability existed for compensated absences in the Food Service Fund.

Note IX: Contingent Liabilities

The Borough of Dunellen School District is a defendant in a few lawsuits, none of which is unusual for a Board of Education of its size. Additional liabilities, if not covered by insurance, should not be material in amount.

Note X: Subsequent Events

The Borough of Dunellen School District's management has informed us that there are no no significant events that need to be disclosed after the balance sheet date through the date of audit.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
"GOVERNMENT AUDITING STANDARDS"

The Honorable President
Members of the Board of Education
Borough of Dunellen School District
County of Middlesex, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, and in compliance with audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Borough of Dunellen School District as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Borough of Dunellen School District's basic financial statements as listed in the table of contents and have issued our report thereon dated November 21, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough of Dunellen School District's internal control over financial reporting as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Dunellen School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Dunellen School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

111 Howard Boulevard Suite 212 P.O. Box 397 Mt. Arlington, NJ 07856 Phone: 973-770-5491 Fax: 973-770-5494 ym associates@msn.com Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Dunellen School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u> and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and the Office of School Finance, Department of Education, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE AS REQUIRED BY OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR LETTER 04-04

The Honorable President Members of the Board of Education Borough of Dunellen School District County of Middlesex, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Borough of Dunellen School District's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2014. The Borough of Dunellen School District's major federal and state programs are identified in the Summary of Auditor's Results Section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Borough of Dunellen School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and New Jersey Office of Management and Budget Circular Letter 04-04 Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and New Jersey's OMB's Circular Letter 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Borough of Dunellen School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination on the Borough of Dunellen School District's compliance.

111 Howard Boulevard Suite 212 P.O. Box 397 Mt. Arlington, NJ 07856 Phone: 973-770-5491 Fax: 973-770-5494 vm_associates@msn.com

Opinion on Each Major Federal and State Program

In our opinion, the Board of Education of the Borough of Dunellen School District, in the County of Middlesex, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2014.

Report on Internal Control Over Compliance

The management of the Borough of Dunellen School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Borough of Dunellen School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and NJ OMB 04-04, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Dunellen School District's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough of Dunellen School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirements of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results that the testing based on the requirements of OMB Circular A-133 and NJOMB 04-04. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133 and Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 04-04

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Dunellen School District, as of and for the fiscal year ended June 30, 2014 and the related notes to the financial statements, which collectively comprise the Board of Education's basic financial statements. We issued our report thereon dated November 21, 2014, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards as required by OMB Circular A-133 and schedule of expenditures of state financial assistance as required by New Jersey OMB Circular 04-04 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and the schedule of expenditures of state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTES TO SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE YEAR ENDED JUNE 30, 2014

Note 1: General

The accompanying schedules of expenditures of awards and financial assistance present the activity of all federal and state programs of the Borough of Dunellen School District Board of Education. The Board of Education is defined in Note I:B. to the Board's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

Note 2: Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Notes I:E and Note I:F. to the Board's basic financial statements. The information in the schedules is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 3: Relationship to Basic Financial Statements

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent year due to the state deferral and recording of one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more June state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

NOTES TO SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE YEAR ENDED JUNE 30, 2014 (CONCLUDED)

Note 3: Relationship to Basic Financial Statements (Continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(20,568.00) in the general fund and \$74,313.05 in the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the GAAP basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 18,078.88	\$6,698,201.75	\$6,716,280.63
Special Revenue Fund	674,274.59	100 000 00	674,274.59
Debt Service Fund	050 500 06	192,338.00	192,338.00
Food Service Fund	272,580.26	5,967.27	<u>278,547.53</u>
Total Awards and Financial Assistance	\$964,933.73	\$6,896,507.02	\$7,861,440.75

Note 4: Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 5: Other

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amounts reported as TPAF Pension and Post Retirement Medical Contributions represents the amounts paid by the state on behalf of the district for the year ended June 30, 2014. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2014.

Note 6: On-Behalf Programs Not Subject to State Single Audit

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions payments are not subject to a State single audit and, therefore, are excluded from major program determination. The Schedule of State Financial Assistance provides a reconciliation of State financial assistance reported in the District's basic financial statements and the amount subject to State single audit and major program determination.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2014

Part I – Summary of Auditor's Results

Financial Statement Section
